Permafused[®] Chain Link

Permafused® Color Chain Link... made to be durable

Permafused, the next generation in color chain link fence systems, offers unparalleled performance over ordinary systems, featuring a fused and adhered coating that offers superior protection. Its outstanding resistance to ultra violet light and corrosive environments prevents premature fading and decay. It is an ideal choice for commercial applications that need the security of a chain link fence system and an appearance that blends in beautifully with the environment.
